Many people can come and spend time together as part of Campus Experience at Fundación Real Madrid and there is a basic need to establish rules of conduct to ensure they get the most out of that experience, with everything in place so that participants are safe throughout. The purpose of the rules of conduct is to integrate the participant properly within the group and form an established set of relationships with their co-participants. The rules are designed to foster good habits and personal conduct values emanating from self-discipline and respect for monitors and colleagues.

All participants must respect and obey the following co-habitation rules:

- Punctuality and regard for established timetables.
- Tidiness and cleanliness, both in personal care and of the facilities.
- The use of mobile phones is strictly prohibited. Use of mobile phones will be met by the corresponding reprimand.
- Tell the monitor at all times what you need. For your own safety, the monitor must always be aware of where participants are and any concerns they have.
- Have regard for rules established by monitors and sports trainers.
- Participants and campus personnel must respect each other. No behaviour that is detrimental to other participants or organisation personnel is allowed: no hitting, no bullying and no insulting.
- Take care of materials and the facilities.
- Items belonging to another person must never be taken or used without permission.
- Consumption of tobacco and alcohol is strictly prohibited. Anyone in breach of this rule will be expelled from the programme.
- Being in possession and consumption of drugs are completely prohibited. Anyone in breach of this rule will be expelled from the programme.
- Vending machines in the installations may only be used with the express permission of a Campus monitor.

Campus Management will impose sanctions on participants who break any of the rules above, or other similar rules. Dependent in all instances on the seriousness of the given situation, participants may be reprimanded or expelled, the parent or tutor being duly informed in advance. Expulsion of a participant shall not in any event give rise to reimbursement of amounts paid to take part in the Campus, nor of the transport costs caused, which must be paid by the family.

Likewise, any participant involved in a disciplinary incident, exhibiting bad behaviour or who breaks the rules will be sanctioned and the following will apply:

- **Personal warning**
- **Notice and communication with tutors**
- **Expulsion from the programme**

1. RELEVANT INFORMATION:

To ensure that the Campus runs properly, please remember the following important aspects:

RELATIONSHIPS WITH MONITORS AND CAMPUS PERSONNEL

- Each group of participants has a designated monitor who is there to assist and help you. Participants should inform their monitor if any problem or inconvenience arises and the monitor can then try and resolve the issue. If you don't tell the monitor, the monitor will not know what's going on and won't be able to assist.
- Incidents notified by telephone will be processed by customer care personnel at the central offices, who will try and resolve the incident as quickly as possible in conjunction with the monitor and coordinator of each Campus.

LOST PROPERTY AND VALUABLE OBJECTS

- We do not advise bringing valuable objects to Campus as the organisation cannot accept liability for safekeeping or maintenance.
- Each participant should look after their own belongings and must assume liability for their own property.
- We advise you mark all clothes and other items with your name and surname.
- If an object is lost during the Campus experience, please inform the participant's monitor and also customer care personnel, who will do their best to find the lost property.
- All unclaimed property will be organised at the end of each Campus and families will be informed of any property marked with names or which can otherwise be identified for return.

COMMUNICATION WITH PARTICIPANTS AND THE ORGANISATION

Family members needing to make an enquiry whilst the Campus is running can call the Customer Care Telephone No.: +34 912 775 988, daily, Monday to Thursday from 9 a.m. to 2 p.m. and from 4 p.m. to 6 p.m. and on Fridays from 9 a.m. to 2 p.m.

Residential Camps participants: You may communicate with Residential Camps participants any day but only during the designated times. We recommend each participant brings their own phone and, if they do not have one, the monitor will provide them with a telephone as necessary to communicate with their family.

Day Camps participants: Parents of Day Camps participants can communicate with the staff using the customer care telephone number +34 912 775 988, or with monitors at reception time.

Anyone seeking to communicate urgently outside the established times should call the Campus coordinator emergency mobile telephone number, which will be provided sufficiently in advance. To ensure the Campus runs properly, please keep to the telephone communication channels described above at all times and only call the Campus coordinator directly if there is a real emergency.

Parents and relatives of Campus Experience and attendees are STRICTLY PROHIBITED from visiting any facilities where the Campus is taking place, so as not to interfere with the smooth running of Campus Experience, and also to foster team spirit and participants' personal development.

Participants who wish to leave the Campus, on grounds of force majeure, must provide accredited authorisation from their parents or guardians and the parents or guardians must personally collect the participant from the location notified by Campus managers.

DAILY CAMPUS dynamics

- Showers and personal care items: Daily showers and personal care items (to be brought by each participant) are compulsory for the participant's well-being in view of the daily physical activity on Campus. Nevertheless, we understand that given the international nature of the Campus, there will be participants with special requirements in this regard. For that reason, if you have any special requirements please let the designated monitor know so that we can avoid the participant feeling uncomfortable.
- Food Arrangements: All programs including half-board or full board are overseen by a dietitian who will ensure participants eat well and properly for the daily activities, specifications and allergies recorded on the registration. Mediterranean style food is provided on the Campus Experience. We cannot unfortunately offer Halal although pork-free food will certainly be provided.
- Photography: A team of photographers is available and instructed to record the day-to-day Campus Experience and activities. All photographs are available in the Private Area of each participant and can be accessed with a username and password provided before your camp starts. It is important to note that the specific photographs of each participant will be provided in a triptych at the end of the Campus Experience and that the day-to-day photographs are not intended for that purpose.
- Language: Campus Experience is an international joint living experience that fosters sporting values and, therefore, at Day Camps, some Campus personnel will be able to communicate in Spanish and in English, although there is no basic requirement for them to know other languages considering the fact that the Campus takes place in Madrid. However, all monitors working with Residential and High Performance programme participants will speak both languages. Simultaneous translation will not be available, but everything will be explained to participants who do not speak Spanish and everything will be done at all times to facilitate comprehension and communication between Campus participants

- Groups: Campuses are divided into groups of between approximately 15 and 20 boys and girls (limited), only according to year of birth and never according to gender, religion or provenance. Equally, all group requests will be considered although we cannot guarantee that young people who arrive together will be in the same group if they do not meet the criteria.
- Changes: All registrations can be changed without any problem up to one week before Campus commences but after that date changes cannot be guaranteed. Possible changes and limits:
 - Participants may change from one Campus modality to another as long as there are places available on the required Campus. If, however, the participant wishes to change from one Campus to another lower cost Campus, after payment has been taken, the difference in price cannot be reimbursed under any circumstances.
 - It will only be possible to change from one Campus programme to another after the programmes have kicked off if this can be organised. The full cost of the new chosen Campus must be paid.
 - No changes can be made either to Campus start and end times or to the established meeting points. If any changes are required, an extra Transfer service is available to cover any difficulty (the extra service is exclusively for Residential Camps).
 - There is no child-minding facility available for participants either after Campus has finished or before Campus commences (except in instances where transfers to/from the airport for Internal Campus participants has been contracted). We therefore politely request that you keep to the established times and avoid any unnecessary difficulties.
