Telephone calls to the participant from parents are generally accepted (except in real emergencies) from **1.15pm to 2.00pm** and from **8.30pm to 9.30pm**, i.e. after lunch and dinner.

In order to **moderate** and limit the use of telephones and PDAs during the **night** (from **10.30pm to 7.30am**), at 10.30pm - during the first room check - overnight participants (JUNIOR-formula) will be asked to **deposit** their cell phones, smartphones and PDAs in the **safe** in the room. This protocol aims to prevent children from spending hours on the phone at night, especially on social networks, or from being disturbed by those who do.

We underline that the staff generally cannot access the participants/registrants' rooms for reasons of minors' privacy (legal provisions) except for justified and urgent reasons (including, by way of example yet not comprehensive, state of necessity of the participants, disturbing noises, illness).

It is therefore not possible to monitor the behaviour of the participants regarding the use of smartphones and PDAs nor to proceed with their seizure (unless this is requested directly by the parents/guardians). The only way to regulate smartphone/PDAs use in participants/registrants' accommodation is for parents/guardians to set PARENTAL CONTROLS.

So we remind you that it is ALWAYS MANDATORY to activate the PARENTAL CONTROL!

In case of proven reasons of necessity (homesickness is not among them), specifically communicated to the secretariat office, exceptions will be allowed.

INFORMATION AND RULES

Participants

The participants are children/young people aged 6 –16.

Once a participant has joined the camp, he will stay overnight and eat at the hotel within his group.

Day-Formula participants (not residential) will be admitted to the camp.

Each participant's details will be registered, and the register will be kept for at least 14 days from the last day of the camp.

Participants' parents/guardians

Parents/guardians will be able to interact with participants after the start of the camp:

- Without accessing the hotel rooms where the participants are staying overnight
- Without accessing the means of transport that the participants use to access activities

Kit

On the Sunday at the start of the camp, all the participants will be assigned with clothing and provided with an identification number.

Upon delivery, the staff will make a visual assessment of the size of the garments previously assigned to the participants, without the latter touching them.

Once the kits have been assigned, the garments will remain with the participant and cannot be changed.

Clothes washing

The kits will be placed in washing bags by the participants and collected by the staff, who will allow the participants to place them in a trolley. This transfer will take place at the doorways of the rooms, with the trolley passing through the corridor.

The marked bags will then be entrusted to an external laundry service.

Participant arrival

All minors must arrive accompanied by their parent or guardian or by a person delegated by the family.

Participants should arrive around 2 pm. The participants will be assigned a number. Participants will undergo a temperature check.

Parents cannot access the hotel rooms (never) and the lobby (during the check-in).

Participants will be assigned an overnight room where, with the help of the staff, they can leave their luggage and be assigned their kit.

The overnight rooms and the group occupying them will remain the same throughout the camp.

Transport

Bus transport is provided to transfer participants between the hotel and the playing field.

The means of transport is equipped with a certified sanitisation system that prevents air recirculation.

Football activities on the pitch (outdoors)

During football activities on the pitch, the provisions related to contact sports apply.

The public cannot be present during the activities inside the pitch.

Participants will leave the hotel in their kit, ready for activities.

Each participant must have their own clearly marked water bottle for their exclusive use.

Sports activities in the gym

In the event of bad weather, sports activities will be held in the gym. In this case, contact sports are permitted.

The public cannot be present during the activities inside the area of sporting activities.

Participants will leave the hotel in their kit, ready for activities.

Each participant must have their own clearly marked water bottle for their exclusive use.

Extra-activities

The extra-activities (not – sport activities) consist of walks in the surrounding area (sea or mountains), outings in the city centre or in neighbouring open spaces.

Breakfast, lunch and dinner

Meals (breakfast, lunch, dinner) for participants and staff will be served within the hotel.

The staff will have their meals seated at their own table.

Check-out

The participants and their luggage will be handed over to their families by the staff on Saturday, from 1pm to 2 pm outside the hotel lobby.

If the participant leaves the camp before this time, a specific notification must be made to the AC Milan Junior Camp secretariat.

An exception concerns the AC Milan Junior Camp in Lignano Sabbiadoro from 3 to 10 August: in this case the participant is returned by the staff to the family with their luggage on Sunday morning at 9:00 am outside the hotel lobby or the agreed area in the host sports village.

From that moment on, the minor is no longer a participant of the AC Milan Junior Camp.

Mobile phones – smartphones - PDAs

Following the protocol that will adopt for the use of **mobile phones, smartphones** and **PDAs** during the Milan Junior Camp.

The participant/registrant can bring mobile phones, smartphones and PDAs to the camp exclusively for the purpose of keeping in touch with his family.

Telephone calls to the participant from parents are generally accepted (except in real emergencies) from **1.15pm to 2.00pm** and from **8.30pm to 9.30pm**, i.e. after lunch and dinner.

In order to **moderate** and limit the use of telephones and PDAs during the **night** (from **10.30pm to 7.30am**), at 10.30pm - during the first room check - overnight participants (JUNIOR-formula) will be asked to **deposit** their mobile phones, smartphones and PDAs in the **safe** in the room. The **combination** of the safe will be set and known only by the Sporteventi staff and the hotel management. The safe will be reopened between **7.30am and 8.00am** in the morning by the staff. The devices (smartphones, cell phones and PDAs) can be recharged by the participant during meals (their use in the restaurant is not permitted).

The Sporteventi staff stay on the same floors as the participants. A second check of the rooms (checking that the kids are sleeping and that everything is quiet) is done by the staff at midnight. Parents will have two telephone numbers (manager and assistant) who can be reached at any time of day or night in case of need. The staff itself is available to participants even in the middle of the night in case of need, as well as that of the hotel. The Sporteventi staff will immediately take action in the event of concrete problems that may arise (indispositions, homesickness, etc.) to notify the families to which they belong.

This protocol aims to prevent children from spending hours on the phone at night, especially on social networks, or from being disturbed by those who do.

We underline that the staff generally cannot access the participants/registrants' rooms for reasons of minors' privacy (legal provisions) except for justified and urgent reasons (including, by way of example yet not comprehensive, state of necessity of the participants, disturbing noises, illness).

It is therefore not possible to monitor the behaviour of the participants regarding the use of smartphones and PDAs nor to proceed with their seizure (unless this is requested directly by the parents/guardians). The only way to regulate smartphone/PDAs use in participants/registrants' accommodation is for parents/guardians to set PARENTAL CONTROLS.

So we strongly remind you that it is ALWAYS MANDATORY to activate the PARENTAL CONTROL!

In case of proven reasons of necessity (homesickness is not among them), specifically communicated to the secretariat office, exceptions will be allowed.
